

Dear FCC:

My family and I listen to K-LOVE radio every day here in Corbin, KY on FM frequency 103.1. K-LOVE is, by far, our favorite radio station. We often travel to Somerset and Lexington, KY which also have K-LOVE stations. It is so nice to be able to listen to our favorite radio station even when we travel.

I also have many friends who prefer K-LOVE over local stations. The content and quality of contemporary Christian music programming provided by K-LOVE is far better than any local programming I have ever heard.

The service provided by K-LOVE is in the public interest because K-LOVE provides a connection from our area to the greater Christian community nation wide. Through K-LOVE we get to hear the latest in contemporary christian music. Without K-LOVE our area would be deprived of the ability to keep up to date with the latest in contemporary christian music which is truly uplifting to myself, my family, and many friends and relatives. K-LOVE helps draw the Christian community together. It give christians, nation wide, excellent common ground listening experiences.

We also hear about special local events through K-LOVE.

If the programming and services provided by K-LOVE are displaced by LPFM broadcasters providing other programming it will be a great loss to the entire christian community because there is no other station that provides the continuous uplifting and up-to-date contemporary christian music we hear on K-LOVE. Please don't change any laws or policies that would cause or enable other stations, including LPFM stations, to prevent us from listening to K-LOVE.

Thank you,

John C. Lowder, Jr.  
Corbin, KY
